Ballet Folklórico El Tapatio, formed in 2000,
was officially founded in 2008 with the support of
Bayside Community Center in Linda Vista, California.

With a mission to inspire each participant member of the group to diligently work to develop his/her talent, and therefore becoming a true dancer; a dancer that projects passion, precision, and grace during performances, and at the same time a dancer that projects love and pride for Mexican Folklore.

In addition, our dancers learn important values such as discipline, trust, teamwork, safety, community, and leadership.

A group of dancers in a studio, all wearing red long-sleeved shirts and black pants, are performing a stretch. They are standing on mats of various colors (red, blue, purple, green) and have their arms raised, holding hands above their heads. The studio has a wooden floor, a ballet barre, and framed pictures on the wall. The text is overlaid on a blue rectangular background.

Plus pursue personal development as an individual being a part of our dance team.

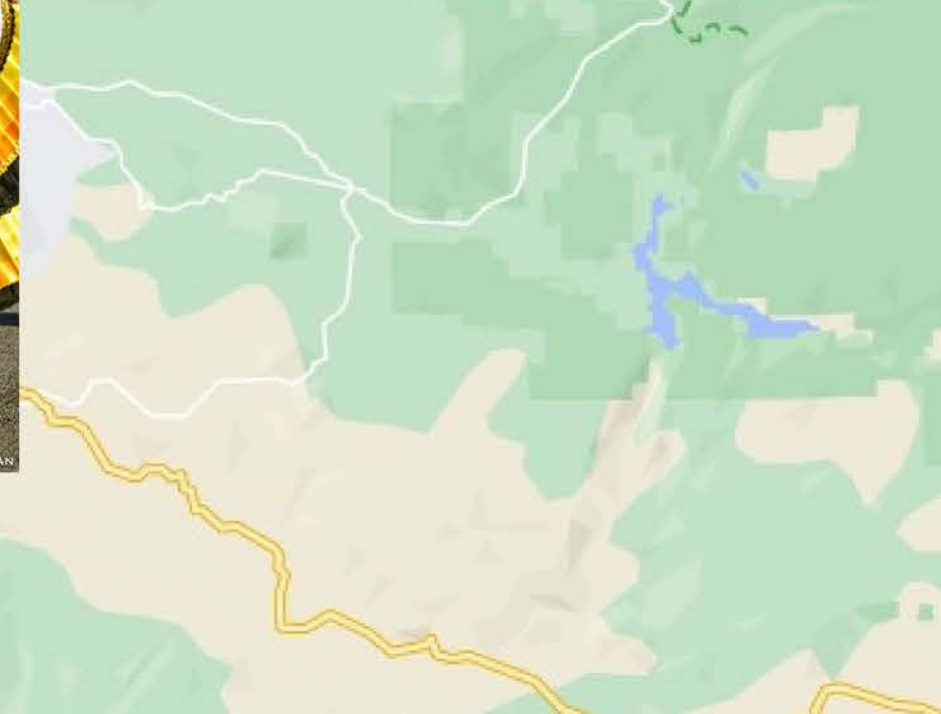

We have roots in different communities all over the San Diego region.

A map of the San Diego region is shown in the background. Three circular logos for Ballet Folklórico are placed on the map. Each logo features a colorful design with a central figure and the text "BAILET FOLKLORICO" at the top and "EL TAPATIO de SAN DIEGUITO" at the bottom.

With the support of the non-profit Encinitas Friends of the Arts, our dance company expanded to form a second dance group Ballet Folklórico de San Dieguito in 2014 in Encinitas.

We also support college dancers at the University of San Diego collaborating with the Folklórico and Mariachi Association that was established in 2012.

Our company has performed throughout Southern California.
